Claims 1-5, and 8 stand rejected under 35 USC §102 (b), as being anticipated by Borgerding et al., US 4,215,004. Claims 1, 2 and 8 have been amended to clearly distinguish them over the prior art. Claims 3-5 have been cancelled. In light of this amendment applicants respectfully request that the objection be withdrawn and the claims allowed.

Claims 1-5, and 8 stand rejected under 35 USC §102 (b), as being anticipated by Rek et al., US 5,731,450. Claims 1, 2 and 8 have been amended to clearly distinguish them over the prior art. Claims 3-5 have been cancelled. In light of this amendment applicants respectfully request that the objection be withdrawn and the claims allowed.

Claims 1-15 stand rejected under 35 USC §103 (a), as being obvious over Langer et al., US 5,243,021. Claims 1, 2 and 8-15 have been amended to clearly distinguish them over the prior art. Claims 3-7 have been cancelled. The amended claims should not be obvious from Langer, as this document does not address the special problem of dyeing in cheeses (see first page of the instant description). Langer only quite generally mentions that his compositions may be used in fabric care compositions and there is no example for treating of textiles. In light of this amendment applicants respectfully request that the objection be withdrawn and the claims allowed.

New claim 16 has been added. Support for new claim 16 can be found on page 14, lines 3-6 of the specification. No new matter has been added. Applicants respectfully request allowance of new claim 16.
